### CHERRY CREEK / UPPER TUOLUMNE RIVER

CHERRY POWERHOUSE TO MERAL'S POOL

MEETING TIME: 7:00 am unless otherwise specified.

MEETING PLACE CHERRY CREEK/UPPER TUOLUMNE TRIPS:

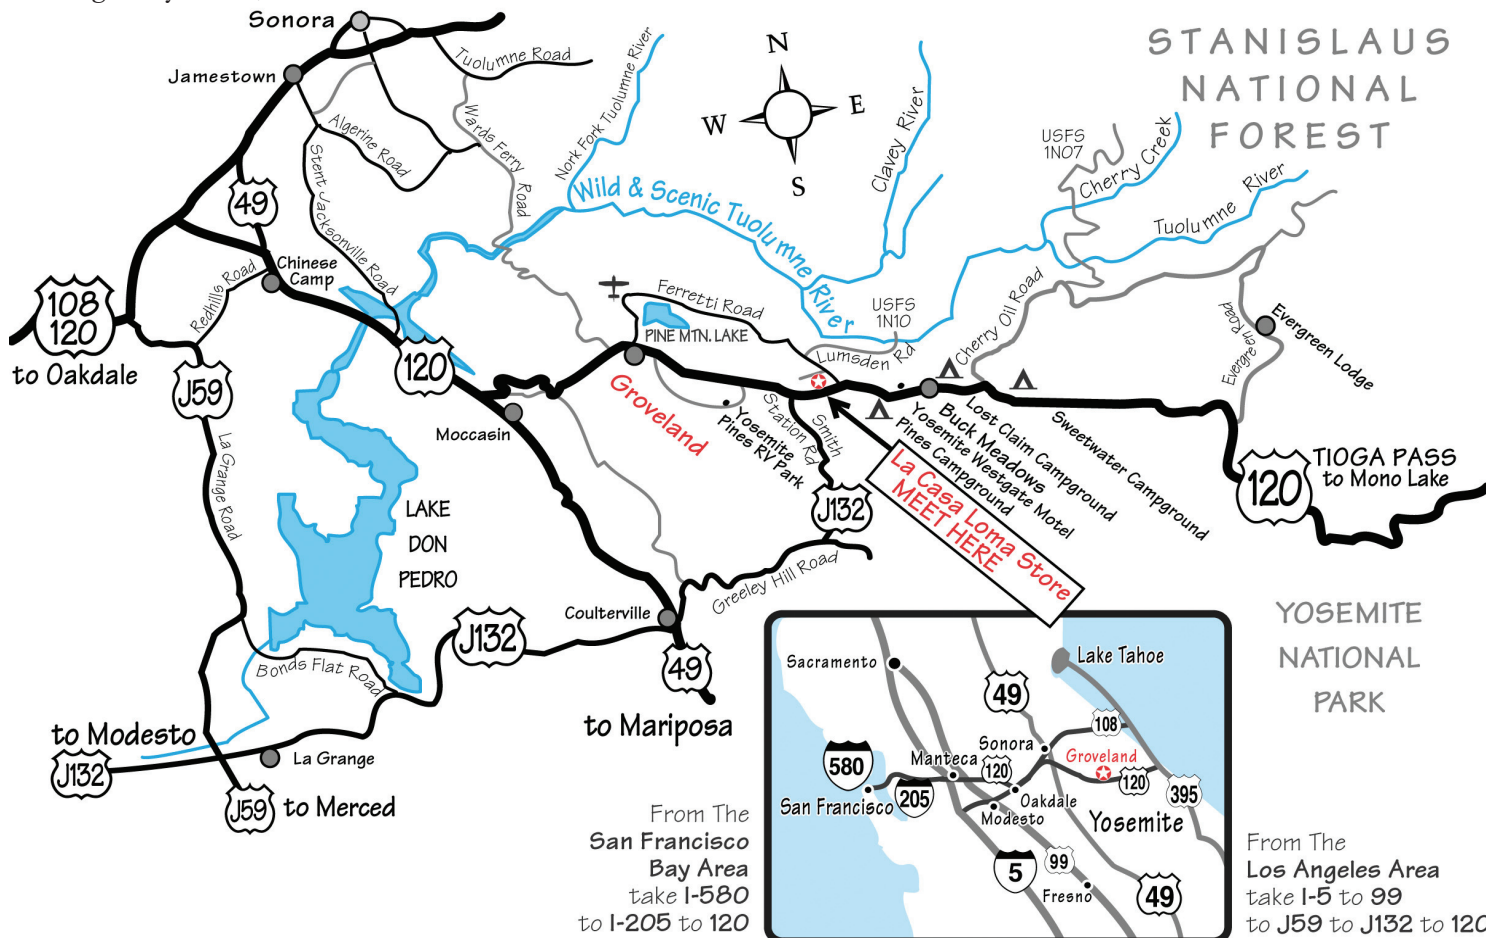

LA CASA LOMA RIVER STORE  
24000 Casa Loma Road, Groveland, CA 95321

If you will not be available by phone before your trip, please phone our office within 48 hours of meeting time to reconfirm logistics. Please be on time!

If you're late, notify us by phoning our local river office at (209) 962-0367.

**GETTING THERE:** We meet at La Casa Loma River Store, 7 miles east of Groveland on Highway 120. Turn left on Ferretti Road. This is the second Ferretti Road option, 7 miles east of Groveland on Highway 120— NOT the Ferretti Road in the town of Groveland. Drive one block, turn left on Casa Loma Road, and park to the left of the road. The shuttle bus will meet you there, providing transportation to and from the river. Driving time to Groveland from the Bay Area is about 3 1/2 hours; from Manteca, about 1 1/2 hours; from Los Angeles, about 7 hours. We can arrange local airport pickups.

**NOTE:** MapQuest mistakenly has travelers from the south diverting east from Fresno through Yosemite National Park, although very scenic, it is a much slower route.

From The San Francisco Bay Area take I-580 to I-205 to 120

From The Los Angeles Area take I-5 to 99 to J59 to J132 to 120

**W**elcome to Class V, the ultimate challenge in white water rafting! Having pioneered commercial Class V river trips on both Cherry Creek/Upper Tuolumne, we at Sierra Mac are excited to share these thrilling adventures with you. It is important to realize that these trips are intense and demanding passenger participation experiences, particularly on the paddle boats, and that a successful Class V run depends on you and your boat team.

### GETTING READY

Each trip includes an energy breakfast. Wet suit, helmet and flotation vest fitting is followed by an extensive two-hour white water seminar which includes training in swiftwater swimming, navigation and safety techniques. If, in our opinion, you are not ready for this rigorous experience following the training seminar, you will be asked to return to the shuttle van. (In this case you will receive a 50% refund.)

Sierra Mac provides helmets in addition to white water flotation vests for Class V passengers. Wet suits are provided, or you may provide your own. High energy snacks and drinks are provided during the trip with a delicious meal at trip's end.

We are often asked if tipping is appropriate. Tips are certainly appreciated by our guides. Tips normally range from 5% to 10% of the trip cost. Whether and how much you tip should depend on your satisfaction with the trip, your feelings towards tipping and your financial means. At the end of the trip guests usually give their tip to the lead guide, who will split it equally among the crew.

*For guests on overnight trips who are combining the Cherry Creek/Upper run with a Main Tuolumne trip.*
