

MERCED RIVER TRIP INFORMATION - INDIAN FLAT RV PARK MEETING SPOT

Welcome to ZEPHYR WHITEWATER EXPEDITIONS and the MERCED RIVER! Although the churning waters of the Merced River do not look particularly "merciful" to today's rafters, it was a different story in 1806, when Lieutenant Gabriel Moraga and his men named the river "Nuestra Senora de La Merced" (Our Lady of Mercy).

The following detailed information and maps are designed to give you a smooth and enjoyable whitewater vacation. If you have any questions about any of the following information, feel free to give our office a call. **During periods of high water or inclement weather, it is advisable to call our office to check in 2 days before your trip.**

MEETING TIME AND PLACE: The morning of your trip at **INDIAN FLAT RV PARK/CAMPGROUND**

Half Day Trips - meet at 8:30 A.M and 2:00 P.M. **1-Day Trips** - meet at 10:00 A.M. **2-Day Trips** - meet at 9:00 A.M.

DIRECTIONS: Our meeting spot is INDIAN FLAT RV PARK, located on Hwy 140, 5 miles west of El Portal. From Mariposa drive 23 miles east on Hwy 140 and look for the RV Park on your right. Please meet us at the east end of the RV Park. (Look for our office and sign.) Your car will be parked here for the duration of the trip and we will transport you to and from the river.

From the San Francisco Bay Area or Sacramento (driving time approximately 3 hours), drive to Manteca which is at the intersection of Hwys 99 and 108/120. From Manteca go south on Hwy 99 to Merced. At Merced take the Hwy 140 exit and go east toward Yosemite to Mariposa. Then follow the directions above.

From Southern California (driving time approximately 6.5 hours from Los Angeles) drive north on Hwy 99 toward Merced. About 11 miles south of Merced, take the cut off to Planada. Turn east on 140 to Mariposa. Then follow the directions above to our meeting place.

MEALS: One day trips include a full lunch served on the river, as well as cold beverages at the end of the day. Two-day trips include 4 meals starting with lunch on day one and ending with lunch on day two. We do offer wine with dinner and cold beer and soda at camp. No alcohol of any kind is allowed during the day. **Please bring a water bottle with you on the raft.**

WET SUITS: For trips through late June or so (depending on winter snow pack), wet-suits are a must. During the spring, the water is high and cold, and we want you to be comfortable. **Wet-suits are provided by Zephyr.** NOTE: We no longer provide booties, as our self-bailing rafts keep your feet out of the water most of the time. You should bring along tennis shoes and wool socks, or water socks to wear on the river. A nylon swimsuit (or other thin material suit) should be worn underneath the wet-suit.

HALF-DAY TRIP LOGISTICS: Our morning trips meet at 8:30 A.M. and return at about 1:00 P.M., and our afternoon trips meet at 2:00 P.M. and return at about 6:00 P.M. Your head guide will meet you at our staging area next to the Indian Flat campground. After a brief orientation talk, wet-suits will be passed out (if needed), and we will board our bus for a short drive to put-in. We will raft 11 miles, ending at Briceburg where you will board our shuttle for the drive back to your car. **LUNCH IS NOT PROVIDED ON 1/2-day trips, only beverages.**

ONE-DAY TRIP LOGISTICS: Your head guide will meet you the morning of your trip at our staging area next to the Indian Flat campground. After a brief orientation talk, wet-suits will be passed out, gear stored and loaded in our bus, cars locked, and we will set out for a great day on the River. We will raft 16 miles, with a stop for lunch along the way. Depending on water levels (the higher the water, the faster the trip!) we will have you back to your vehicles between 3:30 and 5:30 in the afternoon.

TWO-DAY TRIP LOGISTICS: Same as for one-day trip logistics, except that when we reach the end of the first day, we are in the heart of the Merced River Canyon and near our overnight campsite. Our gear vehicle (which had been loaded with your overnight gear that morning) will meet the trip in the afternoon, and we will transfer all gear and food onto the rafts and float across river to our beautiful on river campsite. We will enjoy a wonderful evening meal prepared by our multi-talented guides/chefs and then bedtime. Breakfast will be served the next morning, and then depending on water levels, we will continue on downstream through Quarter Mile Rapid, portaging a waterfall, and ending the trip at Bagby. Or if water levels are high, we will float across river, load up in the bus, and drive upriver to put in at Redbud (one mile above where we launched the first day) and enjoy this great Class 4 section in addition to repeating the best of the whitewater of the first day. The trip will end at Briceburg on day 2, and you will be bussed back to your cars between 4:00 and 5:30 p.m.

HOW TO PACK (TWO-DAY TRIPS ONLY): Please have all your gear in a duffel or similar bag when your trip leader meets you in El Portal. Overnight gear will be trucked close to camp and then we will ferry it across the river to camp. Having all of your personal items in one large bag reduces the chance of loss, and makes it easier to handle. The gear that you pack in your duffel will not be accessible during the day. We suggest placing small items that you wish to use during the day (sunscreen, lip ointment), in a plastic ziplock bag which we can place in our day bag.

CAMERAS: If your camera is small and inexpensive, a large ziplock bag will give sufficient protection. More expensive cameras can be protected with a watertight inflatable "sports pouch" available at sports stores. Camera insurance is recommended.

TIPPING: We are frequently asked whether it is appropriate to tip guides. While our guides are well compensated for their skills, if you feel your trip was exceptional, or that your guide or guides went out of their way to make the quality of your experience a notch above the norm, tipping is a nice way of saying thank-you.

I further understand and acknowledge that ZEPHYR WHITEWATER EXPEDITIONS, provides foot cups in some of its boats to assist participants in stabilizing themselves. Although foot cups assist participants from falling out of a boat, the use of foot cups may present an increased risk of knee, ankle, or other injuries because of their restrictive nature. Use of foot cups is totally voluntary. Finally, I understand that Class IV and V represent the most difficult and dangerous levels of whitewater and recognize that the risks associated with whitewater rafting are increased. ***My participation in this activity is purely voluntary and I elect to do so at my own risk.***

I also expressly agree to release and discharge ZEPHYR WHITEWATER EXPEDITIONS, their owners, officers, agents, and employees from any act or omission of negligence in rendering or failing to render any type of emergency or medical services. ***In signing this document, I fully recognize and understand that if I (or any minor on whose behalf I am signing this release) am hurt, die, or my property is damaged, I am giving up my right to make a claim or file a lawsuit against ZEPHYR WHITEWATER EXPEDITIONS, and all other parties and affiliates named herein even if they negligently or by some other act or omission cause the injury or damage.***

As parent or legal guardian of a participant under 18 years of age, I have read and voluntarily agree that said minor may participate in this whitewater rafting trip, and I sign this release on their behalf. In addition, I give ZEPHYR WHITEWATER EXPEDITIONS, its agents, employees, and associates permission to treat said minor in case of illness, injury, emergency or accident.
